

## CHAPLAINCY PROGRAM

One of the programs that I implement is 'Play Is The Way' which teaches the five concepts:

- Treat others as you would like to be treated
- Being Brave to participate
- Pursue your personal best
- Have reasons for the things you say & do
- It takes great strength to be sensible.

These concepts are centred around a series of Self Mastery questions that encourage making strong choices and students being in charge of their actions and feelings.

I am really looking forward to seeing further growth & development in each of the students as we all embrace the programs & tasks involved in our learning whether it is directly from the curriculum or just learning through our journey in life.

Coral.
