Term 3 17 July - 22 September

Term 4 9 October - 22 December

Katy's Chat

I would like to thank our wonderful school community for the love and support that has been offered to one of our families who experienced a terrible loss this week. Our students have demonstrated incredible empathy and support for their fellow student and I am very proud of each and every one of them.

I would like to congratulate our new school council members Phillip Taylor and Cristy Russell and Julie Reggardo who returns to the position of staff representative. These representatives were elected unopposed. Michelle McKinnell will also return to her current position. I would like to again thank those parents who have served on school council over the previous year. We are lucky to have such a supportive school community.

Please read the important information enclosed in this newsletter in regards to the upcoming school sports day. It should be a great day. Please remember that it is important for everyone including parents/ carers / siblings to be sun smart on this day. Please be aware if the weather is going to be above 32 this event will be postponed till the backup day which is Thursday 30th March. If it is raining heavily on the day the event could also be postponed.

Address: 30 Brewsters Road, Yinnar South,3869

Website:<http://yinnarsthps.vic.gov.au>

In the case of wet weather please check the website on the morning to check if the event has been postponed. The decision will be made by 8.00am and the information will be uploaded by 8.15. Earlier if possible.

Please be aware these decisions are made for the health and safety of all involved.

Play is the Way

Be Brave – Participate to progress.

School is about stepping bravely into the unknown. The unknown is often uncomfortable. The braver you are the more you learn.

Wise Moment Recipients

10th March

Jake was showing leadership by modelling the correct behaviour to the younger students

Maddie was showing great leadership by making strong choices in class and the playground.

Alexcis was helping Wattle students to learn how we behave at school.

Aurora for helping the prep students in breakfast club.

Callistemon

Callistemon students have been working really hard this term. We have been working as a class and also with Wattle and Banksia which has resulted in some fun family memories.

Siblings in competition

Banksia

Grade 5/6 students planned, created and installed our very own guttering for the garden and chook sheds in our most recent sustainability session. Students discovered that water could easily be captured and given to the animals or used on the garden with their design. Each student presented their own design and ideas were combined to find the most effective method. During construction, students had to work together, problem solve and some used tools for the first time.

Sustainability - Cooking

In cooking on the 9th March the students made fresh pasta with basil pesto and simple tomato sauce followed by a Muesli slice. This was very popular and the recipes are on our website. We had a slight problem with the slice, it stuck to the baking paper, so we would advise
