August
6th - Restaurant Night
16th - Weed swap at Martin Walker Reserve
17th-21st - Book Week
28th - Working Bee
September
18th - Last day term 3

Tree planting day at Martin Walker Reserve
The school in conjunction with Yinnar South & District Landcare and the Latrobe City are having a tree planting day at Martin Walker Reserve. It is very exciting for us as we are planting the plants that we have raised from seeds! BBQ lunch will be provided but please send your child with a snack and drink. We will be walking to and from Martin Walker Reserve. Please ensure your child has suitable clothing for the day ie, gumboots, raincoat, warm jumper.

Weed Swap Day
On the 16th August at Martin Walker reserve the Yinnar, Yinnar South Land Care in conjunction with Latrobe city and Yinnar South School are offering a weed swap, you bring your bagged up weeds and swap them for an indigenous plant. While you are there you can join us for a sausage.

Restaurant Night
Invitations with the menu, went out last week for this. Thanks to those who have already sent back their RSVP. This is always a great night with the students taking great delight in showing off their cooking skills and serving their parents.

Katy’s Chat
Welcome to Term Three. It has certainly been a cold start.
It was lovely to see our reenergised students back at school and ready to learn. There is lots of community focused events happening over the next month. We look forward to seeing you at these events. I love restaurant nights they are always a lovely chance to catch up with everyone.
We are looking for volunteers to help Julie in the kitchen every fortnight. We are setting up a roster so if you could help out even once across the term this would be fantastic.
The building projects are off and going. We will look very different by the start of next term.

Warm Regards,
Katy

**Working Bee**
On the 28th August we will be holding a working bee to relocate spaces in preparation for our new buildings. This is an all day event, so come along and join us, even if it’s only for an hour. A BBQ lunch will be provided, please RSVP for catering and planning purposes.

**Lifestyles**
In Lifestyles our groups have changed around, this means different students are in the kitchen on a regular basis. This week we made Chicken burgers using chicken fillets which meant we had to mince it and Slaw using vegetables from our garden.

**Sustainability**
Each time we have sustainability we have a student acting as a roving reporter. Today was Brodie’s turn and here is his report, in his words.
Today Brock is watering the green house. Alyssa is cleaning the chock shed. She is doing a good job. Maddie is planting seeds. Sam and Jake are raking leaves and putting them in the compost. Ty is cleaning the bins with Matto. Izak is setting up the green house. Another task is the photographer and today was Chante’s turn.

**Please** keep saving your plastic bottles tops, we will be using them early next term. Also save your plastic bottles, soft drink or water not milk bottles. Please ensure that they are all washed and dried.

Another item we would like are old work boots for projects in the garden.
